

## Policy Masterclass

A PROGRAM OF CSG SOUTH

# CSG South Policy Masterclass Series

The CSG South Policy Masterclass Series invites members to delve into the complexities of current policy issues. Each Policy Masterclass features a multi-day program that provides policymakers and their staff with an in-depth look at key topics relevant to state government. Participants will have the opportunity to exchange ideas with peers and enhance their expertise on both regional and national levels. CSG South also covers accepted attendees' expenses, including travel and accommodation.

With the support of contributors and partners, CSG South aims to enhance our Masterclass Series by allowing more state members to participate, incorporating additional site visits, and inviting notable subject matter experts for presentations or technical assistance.
